USGA Regression Method

Compares tied players from the back nine (holes 10–18), then last six (13–18), then last three (16–18), then the 18th hole. For net awards, handicap strokes that actually fall on those holes are deducted by stroke index. The gross winner is identified first and excluded from net.

Tiebreakers

No tie-breaks were required this week — every gross and net winner was an outright low score.
